

US Bank Plaza South Tower L19 Remodel

Minneapolis, MN

Integrity Built

Loeffler Construction & Consulting recently completed a renovation on the 19th Floor of the South Tower at US Bank Plaza. The client is working to geographically centralize their employees in new, open, and collaborative office environments. The renovation also includes executive offices, conference rooms, and a large breakroom. The open floor plan provides employees with outstanding views of Downtown Minneapolis, The Commons and US Bank Stadium. Loeffler coordinated many stakeholders and delivered a great project for the client.

Client - US Bank

Architect - AECOM

Construction Cost - \$520,000
