

Burnsville City Hall and Police Station

Burnsville, MN

Integrity Built

Loeffler provided Wold Architects and Engineers with a total of three estimates for the Burnsville City Hall & Police Renovations and Additions project. The interior renovations included new administration and city services offices, a new police department layout, gun range, and fitness facilities. Three additions were added to better serve the city hall, police department, as well as adding a parking garage for service vehicles.

Client - City of Burnsville, MN
