

LifeServe Blood Center

Mason City, IA

Integrity Built

The project focused on the relocation of LifeServe Blood Center from and under utilized space. The Loeffler/Weitz team worked with LifeServe Blood Center of Iowa to design and construct their new space. The commercial space now serves the needs of the clients blood donors, mobile donations and product distribution.

Client - LifeServe Blood Center of Iowa

Architect - DLoeffler- Weitz Design Build

Project Size - 3,000 SF

Loeffler Role - General Construction Services with The Weitz Company
