

# Weaver Densford - School of Pharmacy

Minneapolis, MN

*Integrity Built*

The Weaver Densford-School of Pharmacy renovated an existing 2,735 SF auditorium. The renovations were designed to accommodate the pedagogy of active learning with technology displays and input controls available at each of 13 workstations.

The room has full ITV capability for connecting to an existing classroom on the Duluth Campus, including cameras and microphones to allow for interactive virtual learning.

**Client** - University of Minnesota

**Architect** - BWBR Architects
